Founded in 2012 in Chicago, the firm has grown to more than 1,200 attorneys practicing across 25 practice areas and 10 industry groups, without losing the direct, attorney-led approach it was built on.

Logo & Brand Guidelines

Please maintain clear space around the mark equal to the height of the scale icon. Do not recolor, rotate, or distort the mark. Use the navy or gold versions provided in the accompanying logo files. On dark backgrounds, use the gold/paper reversed version. The full lockup (mark + wordmark) is preferred; the mark alone may be used at small sizes such as favicons or social avatars.

We built this firm on the idea that a client should never feel like a file number. Every office we've opened since 2012 has held to that, wherever in the world it is.
